PROXY STATEMENT

**For Annual Meeting Of Stockholders
To Be Held August 27, 2009**

Information About the 2009 Annual Meeting

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Capstone Turbine Corporation (the "Company" or "Capstone") from holders of issued and outstanding shares of Common Stock, par value \$.001 per share ("Common Stock"), to be voted at the 2009 Annual Meeting of Stockholders (the "Annual Meeting"), to be held at the Company's corporate offices located at 21211 Nordhoff Street, Chatsworth, California, 91311, at 9:00 a.m., Pacific Time, on August 27, 2009, for the purposes set forth in the accompanying notice and herein, and any adjournments or postponements thereof.

Voting Procedures

If you were a stockholder of record of the Company's Common Stock at the close of business on June 30, 2009, you are entitled to notice of, and to vote at, the Annual Meeting. As of the record date, 188,689,214 shares of Common Stock were outstanding.

Proxies properly executed, duly returned to us and not revoked will be voted in accordance with the instructions given. Where no instructions are given, such proxies will be voted FOR each of the nominees and proposals. If any matter not described in this proxy statement (the "Proxy Statement") is properly presented for action at the Annual Meeting, the persons named on the proxy card will have discretionary authority to vote on the action according to their best judgment. Each stockholder of record on June 30, 2009 is entitled to one vote for each share of Common Stock held by such stockholder on that date. The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of our Common Stock eligible to be voted on the record date.

Abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting, and abstentions, but not broker non-votes, as to particular proposals will be treated as shares entitled to vote. A broker non-vote occurs when a broker holding shares for a beneficial holder does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner. Concerning the election of directors, you may: (a) vote for all of the director nominees as a group; (b) withhold authority to vote for all director nominees as a group; or (c) vote for all director nominees

as a group except those nominees you identify on the appropriate line. Broker non-votes will have no effect on the outcome of the election of directors. For each of the proposals other than the election of directors, abstentions will have the same effect as a vote against these proposals and broker non-votes will have no effect on the outcome of the vote on these proposals.

A copy of Capstone's 2009 Annual Report to Stockholders (the "2009 Annual Report") and the Proxy Statement and accompanying proxy card were first mailed or made available to stockholders on or about July 17, 2009. The 2009 Annual Report includes Capstone's audited consolidated financial statements.

You may revoke your proxy at any time before it is actually voted at the Annual Meeting by: (i) delivering written notice of revocation to the Secretary of Capstone at our address above; (ii) submitting a later dated proxy; or (iii) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, constitute revocation of the proxy.

Voting Electronically via the Internet or by Telephone

Whether you hold shares directly as the stockholder of record or through a broker, trustee or other nominee, as the beneficial owner, you may direct how your shares are voted without attending the Annual Meeting. Stockholders are encouraged to vote their proxies by Internet, telephone or completing, signing, dating and returning a proxy card, but not by more than one method. If you vote by Internet or telephone, you do not need to return a proxy card. If you vote by more than one method, only the last vote that is submitted will be counted and each previous vote will be disregarded. Please refer to the instructions provided in the Notice of Internet Availability or proxy card provided to you for information on the available voting methods.

Solicitation of Proxies

We will pay the expense of soliciting proxies and the cost of preparing, assembling and mailing material in connection with the solicitation of proxies. Our directors, officers or employees may solicit proxies by mail, e-mail, telephone, facsimile or other means. These individuals will not receive any additional compensation for these efforts.

Capstone's executive offices are located at 21211 Nordhoff Street, Chatsworth, California 91311, telephone (818) 734-5300.

Proposals of Stockholders for the 2010 Annual Meeting of Stockholders

Stockholder proposals or nominations for directors intended to be presented at the 2010 annual meeting of stockholders (the "2010 Annual Meeting") must be in writing and received at Capstone's executive offices no later than the date listed below and must comply with Capstone's bylaws and the proxy rules of the Securities and Exchange Commission (the "SEC"). If appropriate notice of a stockholder proposal is not received at Capstone's executive offices prior to the close of business on March 19, 2010, the proposal will be deemed untimely. Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 (the "Exchange Act") and the Company's bylaws, an untimely proposal will not be included in the Company's proxy statement or proxy card for the 2010 Annual Meeting and cannot be brought before the 2010 Annual Meeting by the proponent.

In addition to stockholder nominations made in accordance with the procedures described above, Capstone's Nominating and Corporate Governance Committee will consider stockholder recommendations of candidates for election to the Board of Directors if such recommendations are submitted by the date and in accordance with the policies described in the "Director Recommendation and Nomination Process" section elsewhere in this Proxy Statement.

The date of this Proxy Statement is July 17, 2009.

PROPOSAL 2

APPROVAL OF AN AMENDMENT TO THE CAPSTONE TURBINE CORPORATION AMENDED AND RESTATED 2000 EQUITY INCENTIVE PLAN

Our Board of Directors has adopted and is hereby proposing to the stockholders an amendment to the Capstone Turbine Corporation Amended and Restated 2000 Equity Incentive Plan (the "2000 Plan"). As further described below, the sole purpose of this amendment is to remove the limit on the number of shares of Common Stock that a director can receive in lieu of cash payment of fees for service as a director. The explanation of the amendment to the 2000 Plan below is qualified in its entirety by reference to the full text of the amendment, which is attached hereto as *Appendix A*.

Description of the Amendment to the 2000 Plan

The 2000 Plan provides for the discretionary grant of equity-based incentive awards ("Awards") to employees, consultants and members of the Board of Directors. The types of Awards permitted under the 2000 Plan include options to purchase Common Stock, restricted stock, stock bonuses and stock purchase rights. In addition, a non-employee director may elect to receive in lieu of any cash compensation that is paid for board service shares of Common Stock that have an equivalent value, up to a maximum of 20,000 shares during any one-year board term.

The proposed amendment eliminates the 20,000 share limit on Common Stock that may be received by a director in lieu of cash compensation. The purpose of this amendment is to encourage additional stock ownership by our Board of Directors by facilitating acquisition of Common Stock in lieu of cash payments that would otherwise be made to our non-employee directors.

General Description of the 2000 Plan

As mentioned above, the 2000 Plan provides for the discretionary grant of Awards to employees, consultants and members of the Board of Directors. The types of Awards permitted under the 2000 Plan include options to purchase Common Stock, restricted stock, stock bonuses and stock purchase rights. Options entitle the holder to purchase Common Stock at a specified exercise price, generally after the performance of certain periods of service, and may be issued in the form of "incentive stock options," as defined in Section 422 of the Internal Revenue Code (the "Code"), or options that are not so qualified. Restricted stock is a transfer of Common Stock that is generally subject to forfeiture until certain vesting conditions specified in the Award are satisfied. A stock bonus is the right to receive Common Stock in the future after vesting conditions specified in the Award are satisfied. A stock purchase right is a grant of Common Stock that may be subject to certain vesting conditions and/or the payment of a purchase price, each as determined by the Compensation Committee in its discretion. Non-qualified stock options, restricted stock, stock purchase rights and stock bonuses may be granted to employees, consultants and members of the Board of Directors, whereas incentive stock options may be granted only to employees. The stock underlying such options, purchase rights or stock bonuses are shares of our Common Stock.

In addition, the 2000 Plan provides that a non-employee director may elect to receive in lieu of any cash compensation that is paid for board service shares of Common Stock that have an equivalent value, up to a maximum of 20,000 shares during any one-year board term. The proposed amendment would eliminate the 20,000 share limit.

The following information about the 2000 Plan is as of June 30, 2009:

- There were options outstanding to purchase 9,704,697 shares of Common Stock under the 2000 Plan. The exercise price of these options is the fair market value of our Common Stock on the date of grant. Based on the closing sale price of our Common Stock on June 30, 2009, the

aggregate market value of the 9,704,697 shares of Common Stock underlying outstanding options granted pursuant to the 2000 Plan was approximately \$8.1 million.

- There were 2,544,123 restricted stock units outstanding. Based on the closing sale price of our Common Stock on June 30, 2009, the aggregate market value of the 2,544,123 shares of Common Stock underlying outstanding restricted stock units granted pursuant to the 2000 Plan was approximately \$2.1 million.
- 2,856,219 shares were remaining for future grant under the 2000 Plan. 212 employees and all of our directors were eligible to participate in the 2000 Plan.

Purpose

The purpose of the 2000 Plan is to allow the Company to recruit, hire and retain the best available personnel for various positions throughout the Company. We believe that such personnel enhance the value of our stockholders' equity.

Director Options

The 2000 Plan provides that the Board of Directors grant to a non-employee director who joins the Board of Directors on his or her initial election to the Board of Directors, an initial stock option to purchase 21,600 shares of our Common Stock (the "Initial Grant"). The Initial Grant vests in three equal installments over three years, based upon continuing service as a director. The 2000 Plan further provides that the Board of Directors grant to our non-employee directors on the date of the annual meeting of stockholders that occurs each year that the non-employee director is reelected to the Board of Directors stock options to purchase 10,000 shares of our Common Stock (the "Annual Grants"). The Annual Grants vest quarterly over a one-year period, based upon continuing service as a director. The Initial Grant and Annual Grants will have an exercise price equal to the fair market value of the Common Stock on the grant date and a term of 10 years, subject to earlier expiration in connection with termination of service.

Administration

The Compensation Committee administers the 2000 Plan. Awards under the 2000 Plan are approved by the members who are independent under Nasdaq rules, SEC Rule 16b-3 and Section 162(m) of the Code, as required under the 2000 Plan. The Compensation Committee determines the terms of all Awards, including conditions for vesting or exercise, the exercise price, the number of shares subject to each Award and the forms of payment permitted upon exercise. The Compensation Committee may delegate to the Chief Executive Officer the authority to grant Awards under the 2000 Plan to eligible persons who are not officers or directors of the Company.

Amendment and Termination

The Board of Directors may amend, suspend or terminate the 2000 Plan, provided that stockholder approval is required for any material amendment to the 2000 Plan. Material amendments include an increase in the number of shares that may be issued under the 2000 Plan and certain changes to the types of awards or class of persons eligible to receive awards. No amendment to the 2000 Plan can adversely affect a holder's rights under an award without the holder's consent.

Payment for Shares and Other Terms and Conditions of Awards

The maximum term of a stock option granted under the 2000 Plan is generally 10 years (five years for an incentive stock option granted to a 10% stockholder). The exercise price must be no less than

the fair market value of our Common Stock on the grant date (110% for an incentive stock option granted to a 10% stockholder).

Generally, an option may be exercised with cash, including a broker-assisted transaction involving a pledge of shares or, with the approval of the Compensation Committee, with shares of Common Stock or other consideration acceptable to the Compensation Committee or a combination thereof. Stock received by the Company in payment of the purchase price or withheld for payment of taxes due on exercise or vesting will be valued at its fair market value on the date of surrender.

Awards granted under the 2000 Plan generally are subject to forfeiture in the event of termination of employment prior to completion of periods of continued service to the Company. Awards of options are not exercisable until these vesting conditions are satisfied. Awards generally are not transferable except on death. Options generally must be exercised within three months following termination of service with the Company, or within one year in case of disability or death. All Awards are immediately forfeited if service with the Company is terminated for cause.

Change in Control

Outstanding Awards will become fully vested in certain circumstances following a change in the control of the Company for participants whose service is terminated in connection with the change in control.

General Federal Income Tax Consequences

Tax consequences to the Company and to individuals receiving Awards will vary with the type of Award. Generally, a participant will not recognize income, and the Company is not entitled to take a deduction, upon the grant of an Award. An individual who exercises incentive stock options will not recognize income on exercise. The exercise of an incentive option, however, does give rise to a preference under the alternative minimum tax rules. Provided that the participant holds the stock for at least two years after the incentive option is granted and one year after the date of exercise, the individual will be subject to capital gains tax on the difference between the price paid to exercise the incentive option and the fair market value of the Common Stock at the time it is sold. If, however, the stock is sold before the end of this holding period, the sale is treated as a "disqualifying disposition" and the individual is taxed at ordinary income rates on the difference between the exercise price of the option and the fair market value of Common Stock at the time of exercise.

An individual will be subject to ordinary income tax upon the exercise of a nonqualified option on the difference between the exercise price and the fair market value of Common Stock. Any subsequent gain on the sale of the Common Stock will be taxed as a capital gain.

There is generally no tax upon the receipt of a stock bonus award or restricted stock or upon purchase of restricted stock under a stock purchase right. An individual will recognize ordinary income on the fair market value of the Common Stock at the time a stock bonus award or shares of restricted stock become vested, less the amount paid to purchase the restricted stock. However, an individual may elect to be taxed at the time restricted stock is granted under Section 83(b) of the Code. The individual's tax basis in Common Stock acquired through a stock bonus, restricted stock or stock purchase award is the amount paid under the award plus the amount of taxable income that is recognized. Any subsequent gain or loss on the sale of Common Stock is subject to capital gains tax treatment.

The Company generally obtains a tax deduction that is equivalent to the amount of ordinary income recognized by a participant upon the exercise of options or the vesting of restricted stock, stock bonuses or stock purchase rights.

The federal income tax consequences described in this section are based on the laws and regulations of the United States of America currently in effect, and there is no assurance that the laws and regulations will not change in the future and affect the tax consequences of the matters discussed in this section.

Required Vote for Approval; Recommendation of the Board of Directors

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2010 (the "2010 Fiscal Year"). Deloitte & Touche LLP is considered by management to be well-qualified. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting and will have an opportunity to make any statement they consider appropriate and to respond to any appropriate stockholders' questions at that time.

Required Vote for Ratification; Recommendation of the Board

Stockholder ratification of the Audit Committee's selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm is not required by the Company's bylaws or otherwise; however, the Board of Directors has elected to submit the selection of Deloitte & Touche LLP to the Company's stockholders for ratification. The Company is seeking an affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting, if a quorum is present, in order to ratify the selection of the independent registered public accounting firm. If the appointment of Deloitte & Touche LLP is not ratified by the stockholders, the selection of an independent registered public accounting firm will be determined by the Audit Committee after careful consideration of any information submitted by the stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE PROPOSAL TO RATIFY THE SELECTION OF DELOITTE & TOUCHE LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

GOVERNANCE OF THE COMPANY AND PRACTICES OF THE BOARD OF DIRECTORS

Board of Directors

As of the date hereof, the Board of Directors consists of nine directors: Eliot G. Protsch (Chair), Richard K. Atkinson, John V. Jagers, Darren R. Jamison, Noam Lotan, Gary J. Mayo, Gary D. Simon, Holly A. Van Deursen and Darrell J. Wilk. The Board of Directors has determined that all of the members of the Board of Directors, other than Mr. Jamison, are "independent directors" as defined by Nasdaq rules.

The Board of Directors met seven (7) times during the fiscal year ended March 31, 2009 (the "2009 Fiscal Year"), and each of the directors attended or participated in more than 75% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which such director served. The Company strongly encourages each member of the Board of Directors to attend each annual meeting of stockholders. All of the directors serving on the Board of Directors at the time attended the 2008 annual meeting of stockholders. The Company's independent directors met in executive session, without members of the Company's management present, at all four (4) in-person meetings of the Board of Directors in the 2009 Fiscal Year.

Board Committees

The Board of Directors has designated an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

Audit Committee

The Audit Committee currently consists of Messrs. Lotan (Chair), Atkinson, Protsch and Wilk. The Audit Committee is constituted to comply with Section 3(a)(58)(A) of the Exchange Act and is responsible, among other items, for: (i) monitoring Capstone's financial reporting and overseeing accounting practices; (ii) annually retaining the independent public accountants as auditors of the books, records and accounts of Capstone; (iii) monitoring the scope of audits made by the independent public accountants and the audit reports submitted by the independent public accountants; and (iv) overseeing the systems of internal control which management and the Board of Directors have established. In addition, the Audit Committee has the duties of a "qualified legal compliance committee," including monitoring and reviewing stockholder complaints and also reviews and approves all related-party transactions. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.capstoneturbine.com. During the 2009 Fiscal Year, the Audit Committee held four (4) meetings. The Board of Directors has determined that each of Noam Lotan, Richard Atkinson, Eliot Protsch and Darrell Wilk is an "audit committee financial expert," as that term is defined by rules adopted by the SEC. Each member of the Audit Committee is an "independent director" pursuant to Nasdaq rules.

Compensation Committee

The Compensation Committee currently consists of Messrs. Jagers (Chair), Lotan, Mayo and Simon. The Compensation Committee is comprised solely of "independent directors" as defined by Nasdaq rules in conformance with the Compensation Committee's charter. The functions of the Compensation Committee include: (i) for the purposes of compensation, reviewing the performance and development of the Company's senior management in achieving corporate goals and objectives; (ii) determining the salary, benefits and other compensation of the executive officers and reviewing the compensation programs for the Company; (iii) adopting a succession plan for the Company's senior management; and (iv) administering the following benefit plans of Capstone: the 1993 Incentive Stock Option Plan, the 2000 Employee Stock Purchase Plan, the Amended and Restated 2000 Equity Incentive Plan and the Executive Performance Incentive Plan. The Compensation Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the

Company's website at www.capstoneturbine.com. During the 2009 Fiscal Year, the Compensation Committee held eight (8) meetings. Processes and procedures for determining executive compensation are discussed elsewhere in this Proxy Statement in the section entitled "Compensation Discussion and Analysis."

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee consists of Messrs. Simon (Chair), Atkinson and Jagers and Ms. Van Deursen. The Nominating and Corporate Governance Committee is comprised solely of "independent directors" as defined by Nasdaq rules in conformance with the committee's charter. The Nominating and Corporate Governance Committee is responsible for, among other things, (i) monitoring corporate governance matters and (ii) recommending to the full Board of Directors candidates for election to the Board of Directors. The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.capstoneturbine.com. During the 2009 Fiscal Year, the Nominating and Corporate Governance Committee held four (4) meetings. The Nominating and Corporate Governance Committee met subsequent to the end of the 2009 Fiscal Year to recommend to the full Board of Directors each of the nominees for election to the Board of Directors, as presented herein.

Board of Directors and Committee Performance Evaluations

The charter of each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee requires an annual performance evaluation, and the Company's Corporate Governance Principles also mandate an annual evaluation of the Board of Directors. Such performance evaluations are designed to assess whether the Board of Directors and its committees function effectively and make valuable contributions to the Company. In May 2009, all members of the Company's Board of Directors were asked to assess the performance of the Board of Directors and each committee and identify areas for improvement through the completion of a detailed questionnaire for each such committee and the Board of Directors. The Nominating and Corporate Governance Committee and counsel for the Company reviewed the completed questionnaires, consolidated the responses and reported findings to the Board of Directors in June 2009. The Nominating and Corporate Governance Committee and the Board of Directors discussed the results of the performance evaluations and asked the appropriate committees to each discuss the consensus suggestions and put a follow-up process in place. The Nominating and Corporate Governance Committee will review the results and create a strategy for addressing the areas most in need of improvement.

Director Recommendation and Nomination Process

The Nominating and Corporate Governance Committee has a policy for the consideration of director candidates recommended by stockholders, and will consider all bona fide recommended candidates for director if submitted in accordance with the policy. The policy provides that any stockholder recommendation must include the specific information required by the policy and be submitted in writing to:

Capstone Turbine Corporation
21211 Nordhoff Street
Chatsworth, CA 91311
Attention: Chair of Nominating and Corporate Governance Committee
Care of: Edward I. Reich, Secretary

and must be received by the committee at least 180 days prior to that year's annual meeting of stockholders. All such recommendations should include the following: (i) the name, age, business address and residence address of the prospective candidate and the name and record address of the stockholder submitting the recommendation, as well as the number of shares of stock of the Company

which are owned of record or beneficially by that stockholder; (ii) a statement from the prospective candidate consenting to being named in the proxy and proxy card if selected as a nominee and to serving on the Board of Directors if elected; (iii) a statement explaining whether the prospective candidate is "independent" under applicable laws, Nasdaq rules and otherwise; (iv) biographical data of the prospective candidate, including former and current service on other boards of directors, business experience and current occupation, and any other information relating to the prospective candidate and the recommending stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors; (v) transactions and relationships between the recommended candidate and the recommending stockholder, on the one hand, and the Company or Company management, on the other hand, as well as a description of all arrangements or understandings between the recommending stockholder and the prospective candidate and any other person pursuant to which the nomination is being made by the stockholder; (vi) the prospective candidate's Company stock trading history; (vii) any material proceedings to which the prospective candidate or his or her associates is a party that are adverse to the Company; (viii) the prospective candidate's involvement in any past or present legal proceedings, including any involvement in legal proceedings involving the Company; (ix) information regarding whether the recommending stockholder or the recommended candidate, or affiliates of either of those parties, have any plans or proposals for the Company; (x) an explanation as to whether the recommending stockholder and the prospective candidate intend to use the nomination to redress personal claims or grievances against the Company or others or to further personal interests or special interests not shared by the Company's stockholders at large; (xi) whether the prospective candidate is proposed to be nominated at the annual meeting of stockholders or is provided solely as a recommendation for consideration by the committee; and (xii) any other relevant information concerning the prospective candidate. The committee reserves the right to request additional information as it deems appropriate.

In addition to stockholder recommendations as described above, the Company's bylaws permit stockholders to nominate directors at a meeting of the stockholders. Any stockholder nomination must comply with the applicable provisions of the Company's bylaws and the SEC's proxy rules and will be handled in accordance with the Company's bylaws and applicable laws.

The Nominating and Corporate Governance Committee reviews the composition and size of the Board of Directors and determines the criteria for Board of Directors membership. In addition, the Nominating and Corporate Governance Committee reviews the qualifications of prospective candidates to determine whether they will make good candidates for membership on the Company's Board of Directors. This consideration includes, at a minimum, a review of each prospective candidate's character, judgment, experience, expertise, age, diversity, independence under applicable law and freedom from other conflicts, as well as other factors that the Nominating and Corporate Governance Committee deems relevant in light of the needs of the Board of Directors and the Company and/or that are in the best interests of the Company, including relevant experience, the ability to dedicate sufficient time, energy and attention to performance of Board of Directors duties, financial expertise, experience with a company that has introduced a new, technologically advanced product or service to the marketplace and existing relationships within target industries or political circles that may benefit the Company and whether the prospective candidate is a Nominating and Corporate Governance Committee-selected prospective candidate or a stockholder-recommended prospective candidate. The Nominating and Corporate Governance Committee selects qualified candidates and recommends those candidates to the Board of Directors, and the Board of Directors then decides if it will invite the candidates to be nominees for election to the Board of Directors.

The Nominating and Corporate Governance Committee uses the following process to identify prospective candidates for the Board of Directors and to evaluate all candidates, including candidates recommended by stockholders in accordance with the Company's policy regarding stockholder recommendations and the director nominations process. The Nominating and Corporate Governance Committee:

- (i) reviews the composition and size of the Board of Directors and determines the criteria

for Board of Directors membership; (ii) evaluates the Board of Directors for effectiveness and makes a verbal presentation of its findings to the Board of Directors; (iii) determines whether the current members of the Board of Directors who satisfy the criteria for Board of Directors membership are willing to continue in service; if the current members of the Board of Directors are willing to continue in service, the committee evaluates the performance of such board members and considers those current members for re-nomination, and if the current members of the Board of Directors are not willing to continue in service or if there will be an increase in the number of directors on the Board of Directors, the Nominating and Corporate Governance Committee considers candidates who meet the criteria for Board of Directors membership; (iv) if necessary, engages a search firm to assist with the identification of potential candidates; (v) compiles a list of potential candidates; (vi) evaluates the prospective candidates, including candidates recommended by stockholders, to determine which of the prospective candidates, if any, will best represent the interests of all stockholders and determines whether any conflicts of interest exist; (vii) holds committee meetings to narrow the list of prospective candidates; (viii) along with the Chairman of the Board of Directors and management, interviews a select group of prospective candidates; (ix) approves the candidate or candidates who are most likely to advance the best interests of the stockholders; and (x) recommends the selected candidate or candidates to the Board of Directors and the stockholders for approval. The Nominating and Corporate Governance Committee, which may request the assistance of Board members who are not on the committee in the execution of its duties, carefully documents the selection and evaluation process.

Stockholder Communications

The Company has a policy whereby stockholders may communicate directly with the Company's Board of Directors, or individual members of the Board of Directors, by writing to the Company at:

Capstone Turbine Corporation
21211 Nordhoff Street
Chatsworth, CA 91311
Attention: Edward I. Reich, Secretary

and indicating prominently on the outside of any envelope that the communication is intended for: (i) the Board of Directors; (ii) the Chairman of the Board of Directors; (iii) a specific committee of the Board of Directors; (iv) the non-management directors; or (v) any other director or subset of directors of the Board of Directors. The Secretary of the Board of Directors reviews all correspondence and regularly forwards to the appropriate director, directors or the Board of Directors, copies of all communications that, in the opinion of the Secretary, deal with the functions of or otherwise require the attention of individual directors, the Board of Directors or committees or subsets thereof. Unless, in the opinion of the Secretary, a communication is improper or irrelevant, a communication will not be withheld from its intended recipient(s) without the approval of the Chairman of the Board of Directors, the Chair of the appropriate committee or the director who presides during non-management executive sessions.

Compensation Committee Interlocks and Insider Participation

During the 2009 Fiscal Year, the Compensation Committee consisted of Messrs. Jagers, Lotan, Mayo and Simon. None of the committee members have at any time been an officer or employee of the Company nor have any of the members had any relationship with the Company requiring disclosure by the Company during the 2009 Fiscal Year. During the 2009 Fiscal Year, none of the Company's executive officers served as a member of the compensation committee of another entity, an executive officer of which served on the Compensation Committee of Capstone; none of the Company's executive officers served as a director of another entity, an executive officer of which served on the Compensation Committee of Capstone; and none of the Company's executive officers served as a member of the compensation committee of another entity, an executive officer of which served as a director of Capstone.

AUDIT COMMITTEE REPORT

In performing its functions, the Audit Committee acts primarily in an oversight capacity. Our management is responsible for the integrity of the Company's financial statements, as well as its accounting and financial reporting process, principles and internal controls to assure compliance with accounting standards and applicable laws and regulations. Our independent registered public accountants have the primary responsibility for performing an independent audit of our financial statements and expressing an opinion as to the conformity of such financial statements with generally accepted auditing standards and on the effectiveness of the Company's internal controls over financial reporting. Members of the Audit Committee are not professionally engaged in the practice of auditing or accounting, and all members are not experts in the fields of accounting or auditing, including auditor independence. The Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for preparing financial statements and reports and implementing internal controls over financial reporting. In addition, the Audit Committee selects the Company's independent registered public accountants and has the authority to engage independent counsel and other advisors as it deems necessary.

In this context, the Audit Committee has reviewed and discussed the audited consolidated financial statements of Capstone contained in Capstone's Annual Report on Form 10-K as of and for the year ended March 31, 2009 with management and Deloitte & Touche LLP. The Audit Committee has discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, both with and without management present. In addition, the Audit Committee has received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche LLP's communications with the Audit Committee concerning independence, and has discussed with Deloitte & Touche LLP their independence from Capstone.

In the performance of their oversight function, the members of the Audit Committee necessarily relied upon the information, opinions, reports and statements presented to them by management of the Company and by the independent auditors. Based on the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K as of and for the year ended March 31, 2009 for filing with the SEC.

Pre-approval of Services Performed by the Independent Registered Public Accounting Firm

The Audit Committee has implemented procedures for the advance approval of all audit and non-audit services to be performed by the independent registered public accounting firm, whereby the Audit Committee must approve all services prior to the commencement of work. Unless the specific service has been pre-approved in accordance with the Audit Committee's charter for the current year, the Audit Committee must approve the permitted service before the independent registered public accounting firm is engaged to perform it. The Audit Committee considers whether the proposed provision of any non-audit services by the independent registered public accounting firm is compatible with maintaining the firm's independence. The Audit Committee consults with management prior to the Company's engagement of the independent registered public accounting firm for all audit and non-audit services. COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee reviews and administers the process and substance of the Company's executive compensation program, including compensation of the Named Executive Officers (i.e., those executive officers who appear in the Summary Compensation Table on page 27).

The Compensation Committee believes that the Company's executive compensation program should:

- Attract and retain individuals of superior ability and managerial talent by offering total compensation that is competitive with a group of specifically identified peer companies that are of comparable size within similar industries and other companies with which the Company competes for executive talent;
- Establish goals and objectives that link incentive compensation to achievement of specific key strategic and financial performance goals;
- Provide compensation that aligns the financial interests of executives with those of Capstone's stockholders through long-term equity incentives that take into account the Company's performance;
- Comply with all applicable laws and Nasdaq rules and guidelines, and ensure that compensation is appropriate in light of reasonable and sensible standards of good corporate governance; and
- Be straightforward and easy to understand and administer.

Role of Compensation Consultant

The Compensation Committee focuses on attracting, retaining and motivating a highly qualified group of executive officers. They believe that doing so is in the best interests of the Company, its stockholders and other constituencies. The Compensation Committee has engaged an international compensation consulting firm, Hewitt Associates, Inc. ("Hewitt"), as its consultant in determining appropriate compensation for our executive officers, including our Named Executive Officers. As a part of its consulting services, Hewitt collects and analyzes competitive pay data, trends and market practices. Hewitt also provides compensation consulting services to the Company for individuals who are not executive officers.

In setting compensation, the Compensation Committee reviews information from Hewitt regarding comparative market data, including comprehensive analyses of total compensation and compensation components based on published survey data sized to our annual revenue. The published surveys used by the Compensation Committee in its analysis covered publicly-traded technology and manufacturing industry companies that are below \$200 million in revenue. For the 2009 Fiscal Year, Hewitt updated its analysis for prior years and provided an analysis to the Compensation Committee.

The Compensation Committee has determined that the competitive analysis provided by Hewitt includes a sufficiently large and relevant group of companies for purposes of comparing compensation data. The Compensation Committee considers all relevant information from compensation surveys and does not exclude data in determining compensation for our executive officers. The compensation report provided by Hewitt includes detailed information regarding base salary, target bonus, target total cash, actual total cash, estimated value of long-term incentive compensation and target total direct compensation for individuals deemed to be comparable to our executive officers at the comparable companies. As further discussed below, the Compensation Committee uses this information to assess the levels of compensation that are appropriate for our executive officers, including the Named Executive Officers.

Goal Alignment and Financial and Strategic Performance

The Compensation Committee believes that the Company's compensation program should encourage and reward outstanding financial and strategic performance. In the 2009 Fiscal Year, the stockholders approved an Executive Performance Incentive Plan pursuant to which the Compensation Committee may pay annual cash bonuses to our executive officers upon the achievement of specific performance goals. The Compensation Committee also believes that the Named Executive Officers should receive a significant portion of their compensation in the form of equity, thereby putting this portion of their compensation at risk and further aligning their long-term interests with the Company's strategic objectives and stockholders' interests. With this structure, the Company's compensation program is designed to maintain a close correlation between the rewards to the Company's executives and the strategic success of the Company and the performance of its stock price.

Based on input from Hewitt and other resources, the Compensation Committee has determined that a mix of stock options and stock bonus awards, also referred to as time-based restricted stock units or RSUs, is most appropriate for aligning the goals of the Named Executive Officers and other critical senior executives with those of the Company's stockholders. Stock options provide a financial reward only in the event that stockholder values are increased. RSUs provide value upon completion of service or other performance requirements but impose less dilution of stockholder value than do stock options.

Compliance

The responsibilities and authority of the Compensation Committee are set forth in its charter, which is intended to set forth best practices for compensation. The members of the Compensation Committee are all "independent directors," as defined under Nasdaq rules. Equity incentive awards are granted by the Compensation Committee in a manner that is intended to satisfy SEC Rule 16b-3 under the Exchange Act. As further discussed below, incentive compensation is awarded in a manner that is intended to qualify the payments as "performance-based compensation" within the meaning of Section 162(m) of the Code.

Simplicity

The basic components of compensation applicable to the executive officers are limited to base salary, annual cash bonus and long-term incentives. The executive officers also receive employee benefits consistent with those offered to other employees of the Company. All executive officers are covered by the Company's Change of Control Severance Plan. The Compensation Committee believes the Company is well served by a compensation structure that is easy to monitor, implement and disclose to its officers, employees and stockholders.

Process

The Compensation Committee relies on compensation information about comparable companies and consultation with Hewitt in establishing compensation. For the 2009 Fiscal Year, Hewitt provided an update to the comprehensive compensation information that had been prepared for the prior fiscal year. The information provided by Hewitt is described above under "—Overview—Role of the Compensation Consultant." The data included the levels of compensation paid at the 50th percentile and 75th percentile of the comparable companies. The Compensation Committee did not set compensation for Named Executive Officers at these or any other percentiles but, instead, used this data as benchmarks in assessing the appropriateness of our compensation arrangements.

Components of Compensation

For each of our Named Executive Officers, the Compensation Committee reviews each component of compensation and the total value of all compensation, or "total direct compensation." Each

component is discussed in more detail below. The Compensation Committee has placed more emphasis on the comparative value of each Named Executive Officer's total direct compensation, rather than each compensation component. The Compensation Committee seeks to provide total direct compensation to the Named Executive Officers that is comparable to the total direct compensation of executives of comparable companies. Because the Compensation Committee has determined that a significant portion of compensation should be at risk, the actual compensation realized by the Named Executive Officers depends on the level of performance achieved over both the short-term and long-term and upon long-term tenure in the position. This emphasis has the effect of more heavily weighting total direct compensation on long-term incentives and at-risk compensation.

Base Salary

The base salary for each of the Named Executive Officers is based on long-term individual performance and is compared to base salaries for executives at comparable companies, as further described above under "—Process." The Compensation Committee believes that base salaries should also reflect other relevant factors, such as unique roles and responsibilities and/or individual long-term performance and experience. Accordingly, the base salary of any particular individual may be above or below the median of the applicable range of base salaries paid by comparable companies. In the 2009 Fiscal Year, the Compensation Committee increased the base salaries of Mr. Gilbreth from \$247,400 to \$275,000 and Ms. Brooks from \$170,000 to \$200,000. Following the 2009 Fiscal Year, in April 2009, the Compensation Committee increased the base salary of Mr. Jamison from \$400,400 to \$425,000. See "—Compensation of the Individual Named Executive Officers" for additional details.

Annual Cash Bonus

Annual cash bonus payments to Named Executive Officers can be awarded by the Compensation Committee based on performance, achievement of specific goals and other relevant factors determined in the discretion of the Compensation Committee. In the 2009 Fiscal Year, the stockholders approved an incentive program, known as the Executive Performance Incentive Plan, pursuant to which the Compensation Committee can make awards, including cash bonuses, to our executive officers based on the attainment of specific performance goals.

Pursuant to the 2009 Fiscal Year awards under the Executive Performance Incentive Plan, each of the executive officers other than James D. Crouse was eligible to receive a target bonus equal to a stated percentage of annual base salary, with a threshold bonus opportunity of one-half of the target bonus and a maximum possible bonus of 165% of the target bonus. The award to each executive officer, other than Mr. Crouse, was to be based upon targets related to the Company's revenue, cash utilization, operating expenses and direct material costs as a percentage of revenue for the 2009 Fiscal Year. The award to Mr. Crouse for 2009 was to be based solely on the Company's revenue.

In June 2009, the Compensation Committee met and determined that the Company did not achieve the threshold performance objectives stated in the Executive Performance Incentive Plan in order to trigger payment under the awards for any of the Named Executive Officers other than Mr. Crouse. Based on the Company's revenue, Mr. Crouse earned a cash bonus of \$94,830. Although the Named Executive Officers, other than Mr. Crouse, did not achieve the performance goals required to earn payments for the 2009 Fiscal Year under the Executive Performance Incentive Plan, the committee in its sole discretion determined to pay cash bonuses of \$15,000 to Mr. Reich and \$10,000 to Mr. Gilbreth based on their individual performance during the 2009 Fiscal Year.

Also in June 2009, the Compensation Committee approved performance goals and other terms of awards for our executive officers for the 2010 Fiscal Year. Awards under the Executive Performance Incentive Plan for the 2010 Fiscal Year entitle each of the executive officers, other than Mr. Crouse, to payments of a target bonus equal to a stated percentage of annual base salary, with a threshold bonus

opportunity of one-half of the target bonus and a maximum possible bonus of 165% of the target bonus. The percentages above and below target are calculated on a sliding scale to penalize performance below target and reward performance that exceeds target. Payments under the awards are based on performance goals that are selected from the criteria described in the Executive Performance Incentive Plan. Each objective is determined in reference to our financial statements and annual budget. The awards provide that the bonus payment to each executive officer, other than Mr. Crouse, will be based 40% upon targets related to the Company's revenue for the 2010 Fiscal Year, 20% upon targets related to cash utilization, 20% upon targets related to operating expenses and 20% upon targets related to direct material costs as a percentage of revenue. Bonuses are not payable unless the Company achieves threshold amounts of revenue and any two of the other objectives established for the 2010 Fiscal Year. The potential bonus that could be paid pursuant to awards to each executive officer, other than Mr. Crouse, for the 2010 Fiscal Year are summarized in the table below.

Fiscal 2010 Executive Performance Incentive Plan Awards

<u>Executive Officer</u>	<u>Target Bonus Percentage of Salary</u>	<u>Award Opportunity</u>		
		<u>Threshold (\$)</u>	<u>Target (\$)</u>	<u>Maximum (\$)</u>
Darren R. Jamison	100%	\$212,500	\$ 425,000	\$701,250
Mark G. Gilbreth	45%	61,875	123,750	204,188
Edward I. Reich	45%	56,250	112,500	185,625
Jayme L. Brooks	30%	30,000	60,000	99,000

The bonus for Mr. Crouse for the 2010 Fiscal Year will be based on the Company's revenue in excess of revenue during the 2009 Fiscal Year, subject to modification if actual department expenses exceed budget. The Executive Performance Incentive Plan includes an absolute maximum payment of \$4 million under any award.

Following the end of the 2010 Fiscal Year, the Compensation Committee will determine whether and the extent to which the applicable 2010 performance targets were met. The Compensation Committee will then award each executive officer a bonus based on the achievement of the applicable performance targets. No payments will be made for performance below specified threshold levels. The Compensation Committee has discretion to reduce any payments that would otherwise be made under the awards based on the achievement of the performance goals. For example, a payment could be reduced if the Compensation Committee determined that the executive officer failed to achieve individual or departmental goals that are unrelated to the Company's overall performance.

Long-Term Equity Incentives

General. In February 2007, the Compensation Committee formalized its policy regarding the granting of equity-based compensation awards. The policy generally provides that the Compensation Committee shall not backdate any equity grant or manipulate the timing of the public release of material information with the intent of benefiting a grantee under an equity award. Generally, quarterly grants of equity-based compensation awards are to be approved by the Compensation Committee on the date of a regularly scheduled meeting of the Compensation Committee. Inducement grants may be approved at a special meeting of the Compensation Committee and are generally effective as of the commencement of employment. The date the Compensation Committee acts to approve an award shall be the grant date of the award for purposes of the Company's equity compensation plans, except that grants made after the close of business may be deemed to be granted on the following day. No grants may be made by action on written consent, except in extraordinary circumstances. In no event shall the exercise price or value of an award be determined by reference to the fair market value of the Company's Common Stock on a day other than the grant date of the award. The Compensation

Committee does not grant options with reload features and is prohibited from re-pricing stock options under the terms of the 2000 Plan.

In discharging its responsibility for administering the Company's stock-based compensation programs, the Compensation Committee regularly monitors and evaluates the total cost of such programs, based on information provided annually by, and in consultation with, Hewitt. This information includes share utilization and annual grant rates. The Compensation Committee determines the appropriate award to each Named Executive Officer by assessing equity incentive awards made to officers by comparable companies and evaluating the level of equity incentives that have been previously awarded to each Named Executive Officer.

The Compensation Committee granted certain Named Executive Officers long-term equity incentives in the 2009 Fiscal Year under our 2000 Plan. All long-term incentives were made in the form of either stock options or a stock bonus award under the 2000 Plan. A stock bonus award entitles the holder to receive shares of Common Stock upon the achievement of service or other vesting conditions. Bonus awards are also referred to as restricted stock units or RSUs. See "Executive Compensation—Grants of Plan-Based Awards" for more information on awards of long-term equity incentives.

Option Awards. In the 2009 Fiscal Year, options were granted to all Named Executive Officers. This included special awards to Ms. Brooks and Mr. Gilbreth in connection with their promotions during the year. Pursuant to the provisions of the 2000 Plan, the exercise price of an option is set as the market price of the Company's stock on the date of the grant. All options granted in the 2009 Fiscal Year to Named Executive Officers vest 25% on the first anniversary date and monthly thereafter on a pro rata basis over the next 36 months and expire 10 years from the grant date. See "—Compensation of the Individual Named Executive Officers" for additional details.

Restricted Stock Units. In the 2009 Fiscal Year, the Compensation Committee granted RSUs to all of the Named Executive Officers. Restricted stock units, or stock bonus awards, vest in increments of 25% on each anniversary of the date of grant. See "—Compensation of the Individual Named Executive Officers" for additional details.

Employee Benefits

Executive officers are generally entitled only to benefits consistent with those offered to other employees of the Company. The Company offers group life, disability, medical, dental and vision insurance and an employee stock purchase program.

Change of Control Benefits

The Company maintains the Capstone Turbine Corporation Change of Control Severance Plan (the "Change of Control Plan"), which provides certain payments and benefits to eligible employees, including the Named Executive Officers, upon a change of control of the Company. The Change of Control Plan provides severance benefits to participants whose employment is terminated or otherwise adversely impacted within 12 months of a change of control of the Company. Upon becoming eligible, participants receive a lump sum cash payment under the Change of Control Plan that is equal to their annual base salary and continuation coverage in our medical and dental benefit plans at no cost for a period of 12 months. However, we entered into an agreement with Mr. Jamison to provide him with a severance payment that is equal to his base compensation for a period of 18 months. This additional payment applies to a change of control that occurs prior to April 1, 2012. The Board adopted the Change of Control Plan to increase the likelihood that key management personnel are retained during any pending transactions involving a change of control of the Company. In addition, certain awards under the 2000 Plan become fully vested in the event of a change of control of the Company. The Compensation Committee believes that these change of control benefits are similar to and consistent with those offered by the companies included in the Hewitt industry group described above.

Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction for compensation in excess of \$1 million that is paid to our Named Executive Officers. Qualifying performance-based compensation, however, is fully deductible without regard to the general Section 162(m) limits if certain requirements are met. Section 162(m) also permits full deductibility for certain employee benefit plan contributions, sales commissions and other payments. The Compensation Committee intends that our incentive compensation programs qualify for an exception to the limitations of Section 162(m) whenever possible so that we may fully deduct compensation paid to our Named Executive Officers under these programs. The Executive Performance Incentive Plan is intended to ensure that cash bonuses paid to our Named Executive Officers are treated as "performance based compensation" for this purpose, as are certain awards under the 2000 Plan.

We have made certain equity incentive awards that may cause a portion of the compensation paid to Named Executive Officers to exceed the Section 162(m) limitation and, therefore, may prevent us from deducting the excess portion. Payments under these equity incentives are generally conditioned on long-term increases in stockholder value. In making these equity incentive awards, the Compensation Committee determined that the benefits of these arrangements to us and our stockholders outweighed the potential inability to deduct a portion of the compensation for federal income tax purposes.

Compensation of the Individual Named Executive Officers

Mr. Jamison

Mr. Jamison's total direct compensation (i.e., base salary, annual cash bonus and long-term incentives) was established and is reviewed and adjusted by the Compensation Committee with market analysis provided by Hewitt. Mr. Jamison's total direct compensation should remain comparable to the compensation paid to chief executive officers by comparable companies reflected in the published survey data. For the 2009 Fiscal Year, Mr. Jamison was eligible for a cash bonus equivalent to 100% of his base salary at target performance levels. However, the Company did not achieve the threshold performance objectives required by the Executive Performance Incentive Plan and, therefore, no cash bonus was paid. Mr. Jamison was eligible to receive a special performance bonus of \$100,000 to be paid if the Company became cash flow positive for any two consecutive quarters through the end of the 2009 Fiscal Year. This objective was not achieved and the special performance bonus was not paid. Effective December 10, 2008, the Compensation Committee awarded Mr. Jamison options to purchase 350,000 shares of common stock and 45,000 RSUs. Hewitt provided comments and considerations and survey data that was relied on by the Compensation Committee in making these determinations.

The Compensation Committee reassessed Mr. Jamison's compensation at the close of the 2009 Fiscal Year to determine if it was sufficient for retention purposes and to reward Mr. Jamison for his role in the achievement of significant milestones by the Company. The Compensation Committee determined that adjustments would be appropriate for the 2010 Fiscal Year, with an emphasis on long-term equity incentives to further align Mr. Jamison's interests with the Company's stockholders. In its April 3, 2009 meeting, Mr. Jamison was awarded options to purchase 650,000 shares of Common Stock and 205,000 RSUs. In addition, the Compensation Committee extended the opportunity to earn a special performance bonus described above through the 2010 Fiscal Year. Mr. Jamison's supplemental change of control benefit, described above under "—Components of Compensation—Change of Control Benefits," provides a cash payment equal to base salary over 18 months and was extended to apply to a change of control that occurs through April 8, 2012. The Compensation Committee also increased Mr. Jamison's salary to \$425,000 effective April 13, 2009. In making these adjustments, the Compensation Committee referred to and relied on the published survey data of comparable companies.

The Compensation Committee set the 2009 Fiscal Year compensation for the remaining Named Executive Officers based on updated information provided by, and in consultation with, Hewitt. As discussed above under "—Process," the compensation for these Named Executive Officers was compared to the selected compensation benchmarks for executive officers of comparable companies. The Compensation Committee determined that compensation paid to our Named Executive Officers, except as noted above regarding Mr. Jamison, is comparable to amounts paid by comparable companies reflected in the published survey data. Consideration was also given to internal pay equity and with emphasis on long-term incentives to encourage the long-term success of the Company.

During the 2009 Fiscal Year, Mark Gilbreth was promoted from Executive Vice President and Chief Technology Officer to Executive Vice President of Operations and Chief Technology Officer and Jayme Brooks was promoted from Vice President of Financial Planning and Analysis to Vice President of Finance and Chief Accounting Officer. In connection with these promotions, the Compensation Committee adjusted base salaries and made additional long-term equity incentive awards under our 2000 Plan. Mr. Gilbreth's base salary was increased from \$247,400 to \$275,000 effective November 10, 2008, and Ms. Brooks' base salary was increased from \$170,000 to \$200,000, effective October 10, 2008. Mr. Gilbreth was awarded options to purchase 150,000 shares of Common Stock and 25,000 RSUs effective November 7, 2008, and Ms. Brooks was awarded options to purchase 125,000 shares of Common Stock, effective November 25, 2008. The Compensation Committee determined that these increases and grants were appropriate in connection with the promotions to provide base salaries and long-term incentives comparable to similarly situated executives at comparable companies.

In December 2008, the Compensation Committee granted long-term equity incentives under our 2000 Plan as follows: Mr. Reich received options to purchase 150,000 shares of Common Stock and 5,000 RSUs; Mr. Crouse received options to purchase 75,000 shares of Common Stock and 20,000 RSUs; Mr. Gilbreth received options to purchase 75,000 shares of Common Stock and 20,000 RSUs; and Ms. Brooks received 22,000 RSUs.

Conclusion

The Compensation Committee believes that its decisions with respect to compensation paid to the Named Executive Officers for the 2009 Fiscal Year are consistent with the goals outlined at the beginning of this Compensation Discussion and Analysis.

Employment Contracts, Termination of Employment and Change of Control Arrangements

The Board of Directors adopted the Change of Control Plan in April 2002. The Change of Control Plan is applicable to each member of management designated by the Board of Directors, including the Named Executive Officers. In the event that a participant is involuntarily terminated (other than for misconduct) or resigns as a result of a reduction in responsibility or compensation or relocation within 12 months of a change in control of the Company, the participant will receive a payment equal to his or her annual base salary plus the cash incentive compensation for the year in which the effective date for the change in control occurs, as well as continuation of health plan benefits for 12 months. However, Mr. Jamison is a party to an agreement that provides he will receive an enhanced payment equal to his base salary over a period of 18 months. This agreement expires on April 8, 2012.

The Company adopted the Capstone Turbine Corporation Severance Pay Plan (the "Severance Plan") in May 2002. The Severance Plan provides that each member of management reporting to the Chief Executive Officer and/or the President, including the Named Executive Officers, whose employment is involuntarily terminated without cause will receive, upon signing a release, a payment equal to such person's salary for six months. However, Mr. Jamison is a party to an agreement that provides he will receive an enhanced payment equal to his base salary over a period of 12 months. Payments under the Severance Plan are reduced by any benefits received under the Change of Control Plan or under any other severance agreement with the Company.

The Company has entered into indemnification agreements with its officers and directors containing provisions which may require the Company, among other things, to indemnify its officers and directors against certain liabilities that may arise by reason of their status or service as officers or directors (other than liabilities arising from willful misconduct of a culpable nature) and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Stock awards or options to purchase Common Stock have been issued to Named Executive Officers as inducement grants or pursuant to the 2000 Plan that become fully vested or exercisable if a participant is involuntarily terminated (other than for misconduct) or resigns as a result of a reduction in responsibility or compensation or relocation within 12 months of a change of control of the Company. Full vesting is also triggered if the acquirer of the Company does not assume the awards issued under the 2000 Plan.

COMPENSATION OF DIRECTORS

Mr. Jamison, the Company's President and Chief Executive Officer, does not receive compensation for serving as a member of the Board of Directors. Information about the compensation of the non-employee directors for the 2009 Fiscal Year is set forth in the table below.

- (1) Includes stock awards granted to non-employee directors who elect to take payment of all or any part of their directors' fees in stock in lieu of cash. For each term of the Board of Directors (beginning on the date of an annual meeting of stockholders and ending on the date immediately preceding the next annual meeting of stockholders), a non-employee director may elect to receive, in lieu of all or any portion of his or her annual retainer or committee fee cash payment, a stock award. The award is calculated by dividing the amount of the fee by the fair market value of a share of Common Stock on the date the fee is payable. For the 2009 Fiscal Year, 44% of the amount of the fees were paid in the form of stock.
- (2) The amounts shown are the amounts of compensation cost recognized by the Company in the 2009 Fiscal Year related to the grants of stock options in the 2009 Fiscal Year and prior fiscal years, as described in SFAS No. 123(R). For a discussion of valuation assumptions, see Note 8 to the Company's financial statements included in the Company's Annual Report on Form 10-K for the 2009 Fiscal Year. The amounts shown exclude any estimate of future forfeitures and reflect the

effect of any actual forfeitures. The table below shows how much of the overall amount of the compensation cost is attributable to each award.

The grant date fair value of each option to purchase 10,000 shares of Common Stock granted on August 28, 2008 was \$20,250. The grant date fair value is calculated based on the SFAS No. 123(R). For a discussion of valuation assumptions, see Note 8 to the Company's financial statements included in the Company's Annual Report on Form 10-K for the 2009 Fiscal Year. As of March 31, 2009, Messrs. Protsch and Jagers each held options to purchase 96,884 shares, Mr. Lotan held options to purchase 61,600 shares, Mr. Mayo and Ms. Van Deursen each held options to purchase 31,600 shares and Messrs. Atkinson, Simon and Wilk each held options to purchase 51,600 shares.

Equity compensation is paid under the 2000 Plan which provides each non-employee director an option to purchase 21,600 shares of our Common Stock upon initial election to the Board of Directors. This initial grant becomes exercisable in three equal installments on each anniversary of the initial election, based upon continuing service as a director. The 2000 Plan further provides for the grant of options to our non-employee directors to purchase 10,000 shares of our Common Stock on the date of each annual meeting of stockholders at which the non-employee director is re-elected to our Board of Directors. This annual grant becomes exercisable in four equal installments at the end of each quarter in the fiscal year, based upon continuing service as a director. The exercise price of all options is equal to the fair market value of the Common Stock on the grant date, and the term is 10 years, subject to earlier expiration in connection with termination of service.

During the 2009 Fiscal Year each non-employee director received a cash retainer of \$25,000. In March 2009, the Board of Directors increased the annual retainer to \$30,000, provided that at least 20% be payable in the form of shares of Common Stock. Each non-employee director also receives a \$1,500 annual retainer for each standing committee of the Board of Directors on which he or she serves; except that the Chairman of each committee receives a \$3,000 annual retainer. The Chairman of the Board of Directors receives an additional \$5,000 annual retainer. Non-employee directors may elect to receive shares of Common Stock in lieu of any cash retainer, based on the fair market value of Common Stock on the date that cash would have otherwise been paid. Currently, there is a limit of 20,000 shares in a fiscal year that can be issued to a director in lieu of cash. However, such limit will be eliminated if the stockholders approve Proposal 2 included in this Proxy Statement. All payments are paid quarterly in arrears. If requested, all director expenses incurred in attending the Board of Directors or committee meetings are reimbursed by the Company.
