99.1	Press release of Capstone Turbine Corporation dated June 12, 2008 containing financial information for the year and quarter ended March 31, 2008.

Capstone Turbine Corporation Announces Fiscal 2008 Operating Results

Fiscal 2008 Revenue Improved 49% from Prior Year and Fourth Quarter Revenue Improved 60% from Same Period Last Year. Backlog up 458% from Prior Year.

CHATSWORTH, Calif.--(BUSINESS WIRE)--Capstone Turbine Corporation (www.microturbine.com) (NASDAQ:CPST) reported operating results for its fourth quarter and fiscal year ended March 31, 2008 in its Annual Report on Form 10-K filed with the Securities and Exchange Commission on June 12, 2008.

Financial Summary

Capstone's backlog for the fiscal year ended March 31, 2008 was \$27.9 million, an increase of 458% from the prior fiscal year and 113% from the prior quarter.

Revenue for the fiscal year ended March 31, 2008 was \$31.3 million, an increase of 49% from the prior fiscal year. Capstone shipped 434 units in Fiscal 2008, compared to 277 units in the prior fiscal year.

The reported gross loss for the fiscal year ended March 31, 2008 was \$3.8 million, or 12% of revenue, an improvement of 12 points over the prior fiscal year. The year over year improvement in the gross loss percentage reflects increased sales volume of both C30 and C65 products and reduced warranty charges, offset by increased manufacturing costs and lower absorption of overhead costs into ending inventory as a result of decreased finished goods inventory.

Research and development costs were \$8.9 million for the fiscal year ended March 31, 2008, a decrease of \$0.5 million, or 5%, from the prior fiscal year. The net decrease is the result of an increase in benefits from cost-sharing programs, primarily from United Technologies Corporation, and lower facilities costs, offset by increased labor and consulting spending, development hardware and supplies, and travel and administrative costs.

Selling, general and administrative costs were \$25.6 million for the fiscal year ended March 31, 2008, an increase of \$1.0 million, or 4%, from the prior fiscal year. The increase was primarily attributable to higher travel costs due to increased customer site visits and trade show activity, and higher facility costs, offset primarily by lower administrative costs.

Capstone's net loss was \$36.1 million, or \$0.25 per share, for the fiscal year ended March 31, 2008, an improvement of \$0.6 million from the \$36.7 million loss, or \$0.07 per diluted common share, reported for the prior fiscal year.

Cash and cash equivalents for the fiscal year ended March 31, 2008 were \$42.6 million. Cash balances decreased \$17.7 million during the fiscal year ended March 31, 2008.

Revenue for the fourth quarter ended March 31, 2008 was \$9.3 million, an improvement of 60% from the prior year comparable quarter. Capstone shipped 140 units in the fourth quarter of Fiscal 2008, compared to 67 units for the prior year comparable quarter.

The reported gross loss for the fourth quarter was \$0.5 million, or 6% of revenue, compared to \$1.0 million, or 17% of revenue, for the fourth quarter of Fiscal 2007, an improvement of 11 points.

The quarter over quarter improvement in the gross loss percentage reflects increased sales volume of both C30 and C65 products and reduced warranty charges, offset by increased manufacturing and overhead costs.

Research and development costs remained constant at \$2.0 million for both the fourth quarter and the prior year comparable quarter. Expenses were higher in the fourth quarter of Fiscal 2008 but were offset by increased funding received from United Technologies Corporation.

Selling, general and administrative costs were \$7.4 million for the fourth quarter, an increase of \$1.1 million, or 17%, from the prior year comparable quarter. The increase was primarily attributable to increased labor, consulting, facilities, travel and accounting fees, offset by decreased bad debt costs.

Capstone's net loss was \$9.5 million for the fourth quarter, or \$0.07 per share, an increase of \$1.0 million from the \$8.5 million loss, or \$0.06 per share, reported for the prior year comparable quarter.

Cash used in operations was \$2.5 million for the fourth quarter compared to \$3.3 million for the prior quarter and \$7.5 million for the same period last year.

Conference Call

The Company will host a conference call today, Thursday, June 12, at 1:45 p.m. Pacific Time. Access to the live broadcast and a replay of the webcast will be available for 90 days through the Investor Relations page on the Company's website: www.microturbine.com.

About Capstone Turbine
